SITE LOCATION PROPOSITION

An aerial photograph of a coastline. The left side shows a light blue body of water meeting a white sandy beach. To the right of the beach is a road that curves along the shore. There are several trees and green spaces along the road. The land beyond the road is a mix of light green and tan, suggesting a natural or undeveloped area.

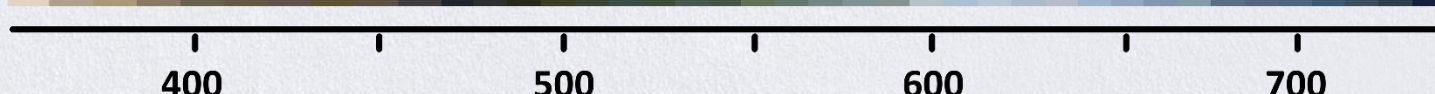

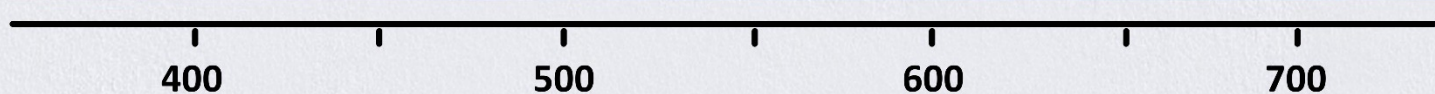

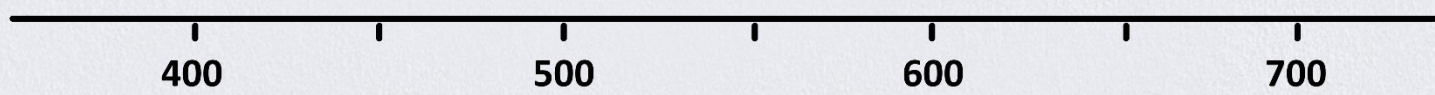

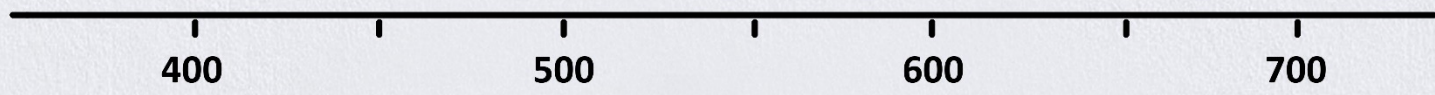

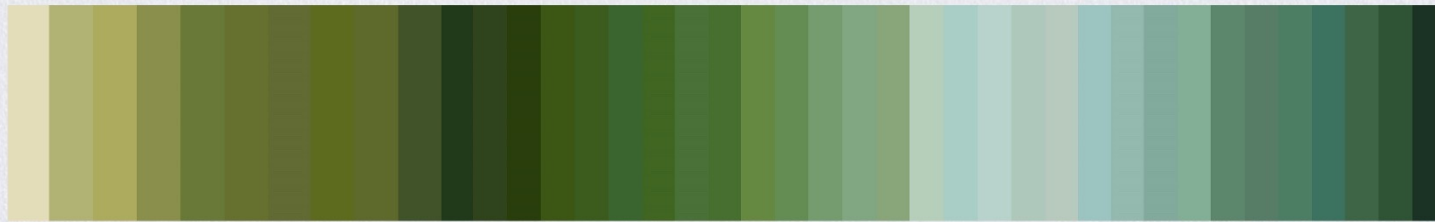

THE PROPOSAL

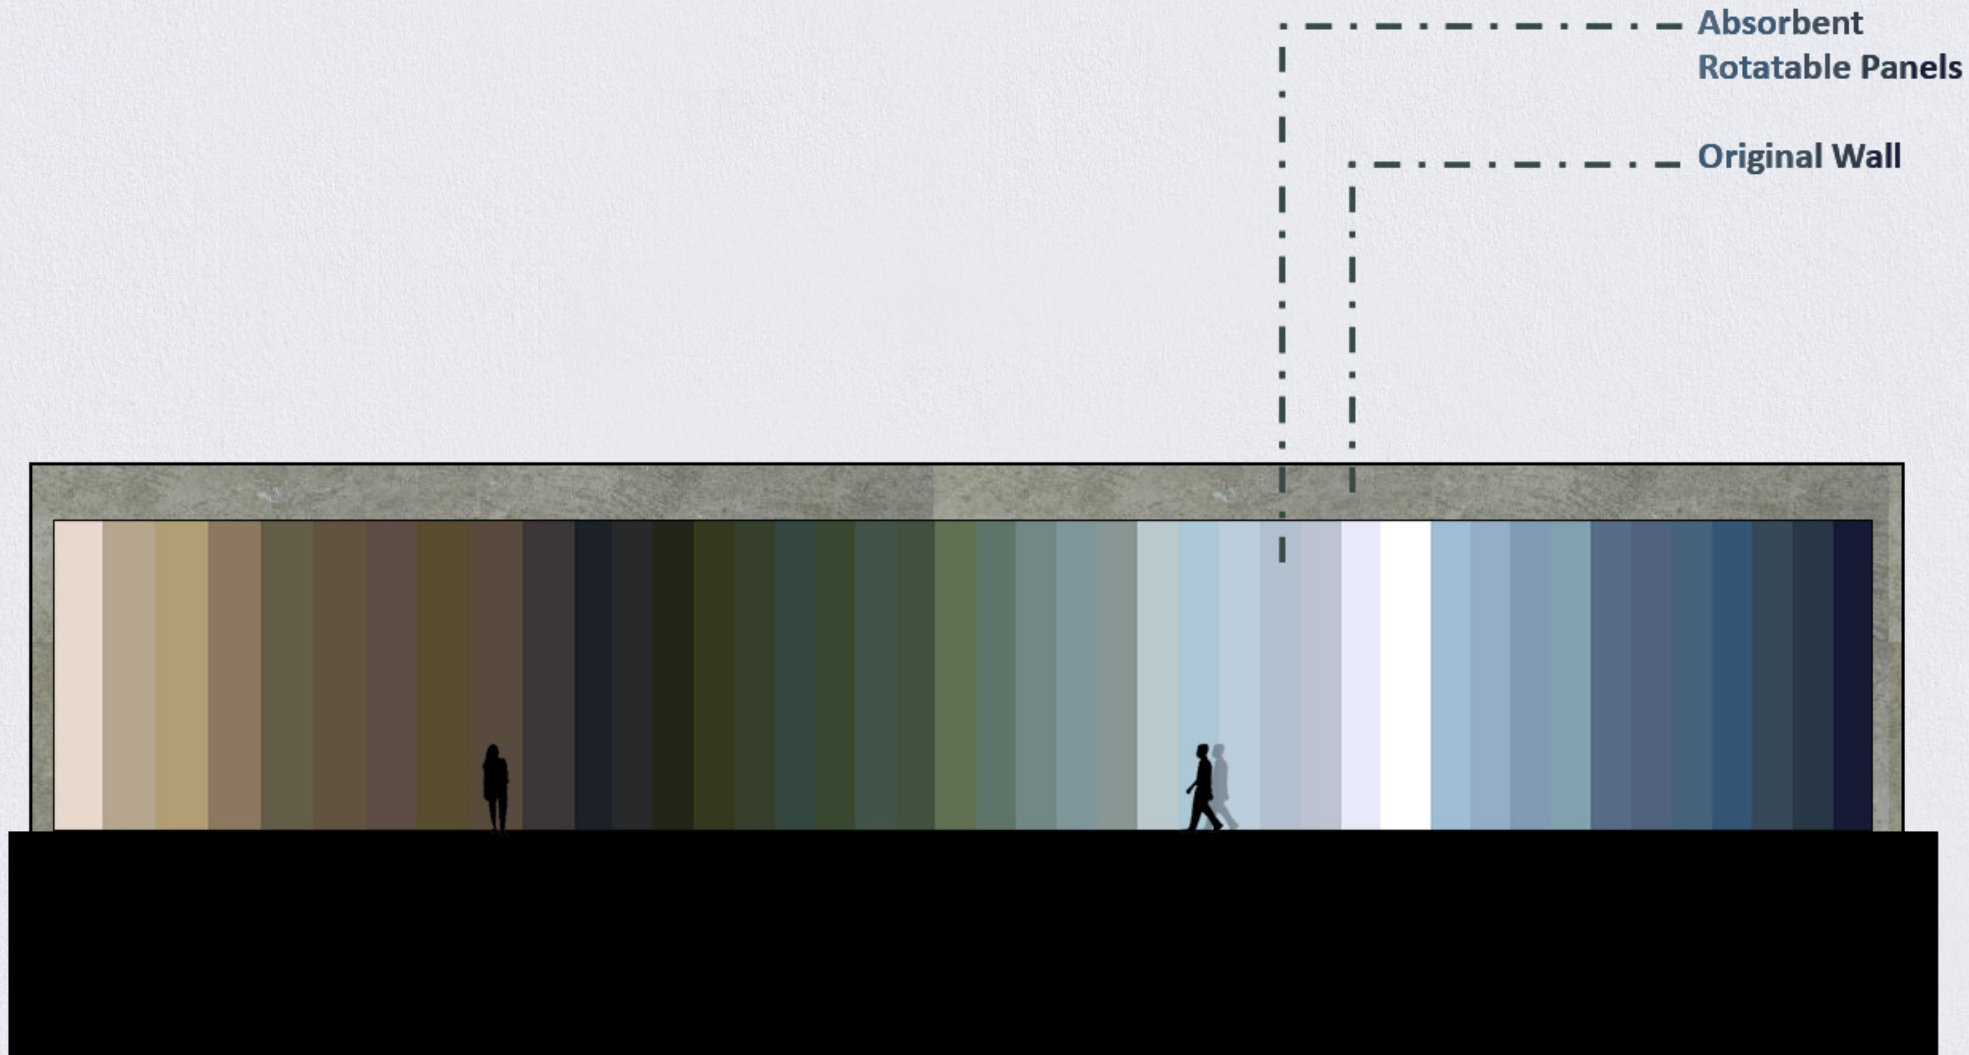

- A unique performance location
- Cinema, theatre, opera, poetry, live music
- Combines sound of nature & performance sound
- Revitalizes Dungeness as a destination
